BUILDING PAPER.

IT COSTS BUT LITTLE AND Saves a Great Deal.

$8.00 to $30.00

Covers Odds and Ends of Houses.

THIS IS SAVED IN FUEL Each Season.

This it will be seen that it not only really costs NOTHING the first year, but that it causes a large saving in the expense of fuel every year thereafter, as shown by the testimony of experts, and besides this there is the inestimable advantage of

COMFORT AND HEALTH,

in having a house warm and free from dampness. A few moments' consideration at once convinces any one that he cannot afford to build without it.

What is It?

It is a very hard, compact and solid paper or pasteboard about the thickness and stiffness of a book cover, and is one of the best known non-conductors, and for that reason is just what is demanded to keep out cold winds and to prevent the escape of heat within the house from the same cause. It is covered with it before the clapboards are put on, thus forming a cement AIR TIGHT. For this purpose we also has the effect of keeping away all rats, mice and other vermin.

It is also extensively used

Instead of Plastering,

and makes the house warmer than a coat of plastering and at MUCH LESS expense.

The cost is trifling, the advantage of using it undoubted and the results entirely satisfactory. No one should build without it.

We have issued a small pamphlet containing full directions how to use it, cost per square yard, &c., and send it, with samples of the paper, to any address free. Send for a circular if you intend to build, you will regret it after the house is done and see how its utility on your neighbor's house, for he certainly will see it, and if he does his neighbors who build after him will do likewise. Address

Ratification of the Citizens' Ticket in the Thirteenth Ward.

Announcements.

THIRTEENTH WARD.

An adjourned meeting of the citizens of the Thirteenth Ward, was held on the corner of Madison and Sangamon streets, last evening. The attendance was very large, and the enthusiasm of the meeting was unbounded, as an unanimous approval of the action of the Convention in nominating the ticket was the first business transacted. The Hon. Thomas Hoyne was then nominated, by acclamation, for Alderman, and the nomination was received with the most enthusiastic applause. The Hon. Mr. Hoyne, in a few pleasant remarks, accepted the nomination, and pledged himself to do all in his power to secure the election of the entire ticket.

WATER-SUPPLY WORKS.

For reasons not explained to the public, the Board of Public Works has not yet made its report to the Council in relation to the proposed new water-works. The Board has had the matter under consideration for a long time, and it is generally supposed that the report will be favorable to the proposition of the Chicago Hydraulic Company to furnish the city with water. The Council is anxious to receive the report, and will probably take action upon it at the next meeting.

[illegible] Committee on Streets and Alleys, to whom was referred the petition of Mr. Wm. Bross and others, for the opening of Lake street, from Halsted to Ashland avenue, reported in favor of the prayer of the petitioners, and recommended the passage of the following order:

Ordered, That the Board of Public Works be and they are hereby directed to cause Lake street, from Halsted to Ashland avenue, to be opened to the width of sixty-six feet, and to cause the assessment therefor to be made by the Board of Assessors.

Mr. WHITE moved that a resolution of like import be adopted in relation to Washington street, from Halsted to Ashland avenue.

Mr. HANCOCK moved that the report be laid on the table.

Mr. WHITE moved that a committee of five be appointed to examine the matter, and report at the next meeting.

The CHAIRMAN stated that the Chair would appoint the committee at the next meeting.

Mr. WHITE moved that a committee of five be appointed to-night.

Mr. FREEMAN said that special committees were not in order, and he hoped the motion would not prevail.

Mr. WHITE moved that the rules be suspended, and the committee appointed.

Mr. FREEMAN moved to lay the motion on the table.

Mr. WHITE moved that a committee of five be appointed to-night.

The motion was carried.

The CHAIRMAN stated that the Chair would appoint the committee at the next meeting.

Mr. WHITE moved that the Chair be instructed to appoint the committee to-night.

Mr. FREEMAN said that special committees were not in order, and he hoped the motion would not prevail.

Mr. WHITE moved that a committee of five be appointed to-night.

The motion was carried.

The CHAIRMAN stated that the Chair would appoint the committee at the next meeting.

Mr. WHITE moved that a committee of five be appointed
